

May 15th 2010

Dr Chirag Patel of Hansa Medical Groupe, presents “Brain fitness” at the North Shore Senior Center Wellness Expo.

Partnering with the North Shore Senior Center, Dr Patel presented an hour long seminar on Brain Fitness. The program, well received by the audience, focused on treatments ranging from prescription medication to over-the-counter options to help with memory and cognition.

Working with Mary Futrell, Director of Lifelong Learning, Dr Patel is scheduled to provide a series of lectures, starting in January 2011 at the North Shore Senior Center.

About North Shore Senior Center

The North Shore Senior Center is a resource for older adults and their families. Here adults of all ages and their family members can enjoy active and fulfilling lives in Lifelong Learning programs or support services to provide extra help so they continue living in their own homes as they grow older, among familiar surroundings, friends and family. More information is available at their website. www.nssc.org

About Dr Chirag Patel & Hansa Medical Groupe

Dr Chirag Patel is the Chief Medical Officer of Hansa Medical Groupe, LLC. The practice is a concierge medical practice, providing elite level medical care and health management services to its individual clients and businesses. Physicians treat clients at their work or residence, eliminating the hassles of “going to the doctor”, including transportation, parking, dealing with office staffs, and the dreaded waiting room. Aside from medical care, Dr Patel also provides healthcare consultation services, community educational programs, and philanthropic activity. Started in 2008, Hansa Medical Groupe, LLC has gained popularity with individuals and businesses, with its innovative practice model and the uncertainty of how the recent health care reform will affect individuals. www.hansamedicalgroupe.com
